Dear Brodie:

I have received my copy of your letter to the Highland elders and hope that your plea is accepted. If the Highland elders agree to sponsor this effort according to your plans, I will be happy to work for one week in August 1967. My schedule is more than full for 1967, and the Highland elders have asked me to schedule no more efforts, but I am sure if you prevail on them to sponsor this month-long effort that they will permit me to come. My only commitment during August is the week of August 14-20, 1967. If everything else works out, I would have to be scheduled at some other time during the month.

I think you can prevail on the Highland elders by approaching them on the basis of saturation effort tied to the Herald of Truth broadcast. The Highland elders have approved a plan whereby they will select certain areas where the program is being heard and conduct just such campaigns as you have planned even using their own members to work in such a plan. If you would approach them on this basis knowing they have approved a plan whereby this can be done, you might even receive a more favorable hearing.

Our prayers and best wishes go with you and your work.

Faternally yours,

John Allen Chalk
